## 1. What are Cookies?

Cookies are small text files that are placed on your device (computer, tablet, smartphone) when you visit a website. They are widely used to make websites work more efficiently, to provide a better browsing experience, and to provide information to website owners. Cookies can remember your preferences, track your usage patterns, and enable certain functionalities.

## 2. How We Use Cookies

We use cookies for various purposes, including:

- **Essential Functionality:** To enable core features of the Service, such as user login, session management, and security.
- **Performance and Analytics:** To understand how users interact with our Service, identify areas for improvement, and analyze website traffic. This helps us enhance your experience.
- **Personalization:** To remember your preferences and settings, providing a more tailored experience.
- **Security:** To help detect and prevent fraudulent activity and ensure the security of our Service.

## 3. Types of Cookies We Use

We use the following types of cookies:

- **Strictly Necessary Cookies:** These cookies are essential for the operation of our Service and enable you to navigate the website and use its features (e.g., logging into secure areas, remembering items in a shopping cart). The Service cannot function properly without these cookies. Your consent is not required for these cookies.
- **Analytics/Performance Cookies:** These cookies collect information about how you use our Service (e.g., which pages you visit most often, if you encounter error messages). This information is aggregated and used to improve the performance and design of the Service. These cookies require your explicit consent.
- **Functionality Cookies:** These cookies allow the Service to remember choices you make (e.g., your username, language, or region) and provide enhanced, more personalized features. These cookies require your explicit consent.
- **Marketing/Advertising Cookies:** If we use these, they would be used to deliver advertisements more relevant to you and your interests. They are also used to limit the number of times you see an advertisement and help measure the effectiveness of advertising campaigns. These cookies require your explicit consent.

## **4. Your Consent**

Under UK law (PECR and UK GDPR), we must obtain your active, clear consent before setting any non-essential cookies on your device. This means that simply continuing to browse our website is not sufficient for valid consent.

When you first visit our website, you will see a prominent cookie banner or pop-up that allows you to:

- Accept all cookies.
- Manage your cookie preferences (e.g., enable or disable specific types of non-essential cookies).
- Reject all non-essential cookies.

We will not set any non-essential cookies until you have given your explicit consent.

## **5. How to Manage Your Cookie Preferences**

You can manage your cookie preferences at any time through the cookie consent tool available on our website. Most web browsers also allow you to control cookies through their settings. You can typically set your browser to accept or reject all cookies, or to notify you when a cookie is being set. Please note that disabling strictly necessary cookies may affect the functionality and usability of the Service.

## **6. Changes to This Cookie Policy**

We may update this Cookie Policy from time to time to reflect changes in our practices or relevant laws. We will post any updates on this page. We encourage you to review this Policy periodically.
